DETAILED ACTION

1. This action is in response to the Amendment After Final filed on 3/23/2009.
2. Claim 18 is pending (claims 1-17, and 19-73 were canceled).

Claim Rejections - 35 USC § 101

3. 35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Claim(s) 18 is/are rejected under 35 U.S.C. 101 as not falling within one of the four statutory categories of invention. While the claims recite a series of steps or acts to be performed, a statutory “process” under 35 U.S.C. 101 must (1) be tied to particular machine, or (2) transform underlying subject matter (such as an article or material) to a different state or thing. See page 10 of In Re Bilski 88 USPQ2d 1385. The instant claims are neither positively tied to a particular machine that accomplishes the claimed method steps nor transform underlying subject matter, and therefore do not qualify as a statutory process. The method claim 18 including steps of ... is broad enough that the claim could be completely performed manually or mentally without a machine nor is any transformation apparent. It is suggested that at line 14 of the claim, “by a receiver” be inserted after “scheme” to overcome the rejection.

Allowable Subject Matter

4. The examiner notes that claim 18 contains novel material but requires 101 issues to be resolved. The prior art alone or in combination fail to teach or make obvious on the following

when considered in combination with other limitations in the claim: applying the first bit rate conversion scheme, and discarding bit rate conversion information relating to a first bit rate conversion information to provide modified bit rate conversion information.

Conclusion

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to NITTAYA JUNTIMA whose telephone number is (571)272-3120. The examiner can normally be reached on Monday through Friday, 8:00 A.M - 5:00 P.M.
